Increase Visits With **Push Notifications**

- Drive extra walk-in traffic
- Target your customers based on their interests
- Segment your audience based on device, location and proximity
- Send out individual and group messages based on memberships levels

You can send out **unlimited** push messages for **free!**

Geo-Targeted & Geo-Fenced Push Notifications

Send notifications to specific users based on their exact location with our Geo-Targeted push notifications. You can also setup a Geo-Fence (virtual perimeter) on a map and automatically send messages to users when they enter this area.

Ask for your **free app demo** today!
